

GATLINBURG'S FIRST ATTRACTION

AND STILL THE BEST!

The attraction that started it all, our SkyLift has been the longest-running attraction in Gatlinburg since 1954. Transport yourself from the heart of downtown to 1,800 feet above sea-level to the top of Crockett Mountain where you can soak up the vibrant colors of the changing seasons. Every SkyLift ride offers a new perspective on the natural splendor of the The Great Smoky Mountains!
