OUR GAMES

PRISON BREAK

The year is 1955. You've been wrongfully accused of a crime, and sentenced to life in prison without the possibility of parole. Your new home is a cell that once belonged to an inmate who disappeared without a trace...or did he? Some claim he escaped. Others swear he was murdered by the infamously cruel warden, but no one actually knows. Can you escape before you suffer the same fate?

GOLD RUSH

For nearly two centuries, the hope of gold has lured people to the hills of Northern California. No one was captivated more than Clyde Hamilton, a greedy gold prospector who loved to gamble. Clyde made too many bets with the wrong crowd and now he's missing. You've been tipped off to where he stashed his gold... But so has the mob. Finders keepers.

CLASSIFIED

You and your team work for an international anti-terrorist organization, and have been assigned to a critical covert mission. Your objective is to stop a major international terrorist threat by gathering details on the impending attack. In this thrilling high-stakes mission, it's up to you to get inside the head of the masterminds and infiltrate their evil plan.

THE HEIST

Get ready for an exciting challenge of beating a thief at his own game. If you succeed in your mission, you will become national heroes! If you fail, you will be treated as a common criminal by the authorities. If you want the thrill of one of the most challenging rooms at The Escape Game, this one's for you.
