The Lodge at Five Oaks

The Five Oaks Farm

Purchased in 1925 by Dr. John W. and Mrs. Blanche Ogle, and it has remained in the family ever since. Many crops and animals were raised on this land, but the most prized of all were the Tennessee Walking Horses. You'll see their presence throughout the hotel and in our logo. Lots of stories are told through photos and letters on the walls of the lodge, and you'll notice just how proud we are of our history and how thrilled we are at the chance to preserve it.
