

THE ORIGINAL LOG CABIN HOMES

# The Great AMERICAN ADVENTURE

THE OFFICIAL LOG HOME OF  
 **MOSSY OAK**

*Thank you for your request for  
information regarding*

## **The Original Log Cabin Homes product and services.**

We are proud of all our featured designs and standard floor plans at The Original Log Cabin Homes, but perhaps what you have been imagining is a little different. The Original Log Cabin Homes has your solution! We offer “custom” design service to create the home of your dreams!

Today's log homes offer the modern amenities and luxurious features available in any other home. With The Original Log Cabin Homes, you can choose the architectural details you desire. **Choose one of our many Log Home Floorplans or start your adventure with our Log Cabin Farmhouse Collection, Log Cabin Barndominium Collection and our Alpine Peaks A-Frame Log Cabin Collection.** Build onto your adventure with matching companion structures such as stables, barns or garages.

Whether you want to select modern architecture or rustic refinement, we can provide it. Our design team will work with you to transform your basic ideas, dreams and needs into a home with features you want. Our home design process is completely computerized and allows design flexibility. Computer Aided Design coupled with Computer Aided Manufacturing (CAD-CAM Technology) help in expediting your home through the production process with maximum efficiency.

This process renders your house plans into a complete set of preliminary blueprints for your review. You can make any number of changes to your log home plans. After revisions are made, we create “final” preliminary blueprints which are suitable for loan applications and log home builder estimating.

**Custom  
design  
With Natural Perfection**

## PRIDE IN EXCELLENCE

The Original Log Cabin Homes is a proud member of the Log Homes Council, The National Association of Home Builders, International Log Builder's Association and a supporter of the Better Business Bureau. We take pride in our dedication to excellence. All log wall materials manufactured at Log Cabin Homes are graded by certified Log Homes Council graders to ensure only the highest quality materials available.

## LIMITED LIFETIME WARRANTY

The enduring qualities and craftsmanship of an Original Log Cabin Home is the heart of our business! Though times and people change, the heritage of the log home will be everlasting, just as the log homes the pioneers built over 200 years ago. The peace of mind that comes from knowing your Log Cabin

Home will stand the test of time comes from the legacy left to us by our pioneering forefathers. Through the evolution of this legacy and the refinement of the rustic original, Log Cabin Homes is proud to offer a Limited Lifetime Warranty.

## CERTIFIED & DEDICATED CUSTOMER SERVICE

We, at The Original Log Cabin Homes, are so very proud of our dedication to excellence. It is our dedication that prompted us to require each customer service staff member to participate in continued customer service education. Each of our representatives have successfully achieved their customer service certification according to the standards set forth by the American Society for Training and Development (ASTD). This certification is made up of many different training courses including; Telephone Etiquette, Trust & Rapport Building, Active Listening Skills, Problem Solving, Interpersonal Communications Strategies, and Business Email Etiquette.

# WORLDWIDE ADVENTURES

## TAKING THE AMERICAN DREAM AROUND THE WORLD...

Our international market is served by a designated staff of professionals who are dedicated solely to our global clientele. Shipping around the world, The Original Log Cabin Homes is one of the top exporters in the log home industry and has been recognized numerous times with awards. We did not get there without earning the trust and confidence of our international clients by virtue of our quality product and logistical expertise. As we ship our homes around the world, we encounter a range of demands on quality, style and specifications. Our joineries

allow us to ship incomparable quality and quantity to every market we serve. Our growing popularity in countries like the United Kingdom, Japan, South Africa, Guatemala and South America speaks of a worldwide desire to experience the Great American Adventure.

## TAKING PRECISION TO A NEW LEVEL

The Original Log Cabin Homes operates two timber joineries in Rocky Mount, North Carolina. Our original joinery operates at maximum capacity while our new 160,000 Square foot facilities further enable us to continue a tradition of efficient, affordable, and quality manufacturing. Both joineries are equipped with the latest technological advancements. A high-tech integrated saw system is at the heart of the operation. Our high-tech manufacturing

process and cad-cam technology gives flexibility to accommodate the cultural preferences of both our domestic and international clientele.

QUALITY ASSURANCE  
INSPECTION

## NO LOG JAMS AT THE ORIGINAL LOG CABIN HOMES

For domestic shipping, our trucking division maintains access to a fleet of trucks that are all ready to deliver your home. We go so far as to maintain our own rail car and intermodal ocean container yard to allow us to operate independently of outside factors to ensure the most reliable transportation at all times. The Original Log Cabin Homes ships all across America and to more than 80 countries. No matter where you are, you are guaranteed prompt delivery of your very own Original Log Cabin Home.

*Northern White Cedar*

## CUSTOM JOINERY FOR A PERFECT FIT

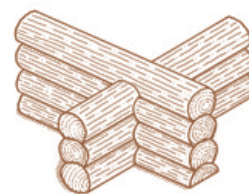

Custom joinery can determine the look and feel of an Original Log Cabin Home. Dovetail corners offer a more rustic appeal. Classic corners leave full profile logs exposed. Contemporary corners provide a more finished appearance. Swedish Cope corners reflect a traditional look, while Saddle Notch corners incorporates a distinctive and functional way of interlocking the logs. All these corner profiles are easily applicable to your Log Cabin Home and are accomplished with absolute precision.

## CERTIFIED “GREEN” MANUFACTURER

The Original Log Cabin Homes is pleased to announce that it has achieved Certified Green Dealer™ status, as a manufacturer. The official designation underscores our commitment to understanding and promoting good green building techniques and greener product choices. This national training program is the first of its kind in North America and it requires that participants take rigorous tests to demonstrate knowledge of green building techniques and green product choices. “We’re very pleased to have achieved the Certified Green Dealer™ designation,” says Tom Vesce, Founder of The Original Log Cabin Homes.

*“Investing in this training for our sales & customer service staff helps show our commitment to helping our customers make good choices for the environment, and in doing our part to recommend more earth-friendly products.”*

Our role in preserving the legacy of the log cabin demands we take the leadership position in an effort to maintain and expand our natural resources. We support reforestation programs that help plant over 1.5 billion seedlings in the United States each year.

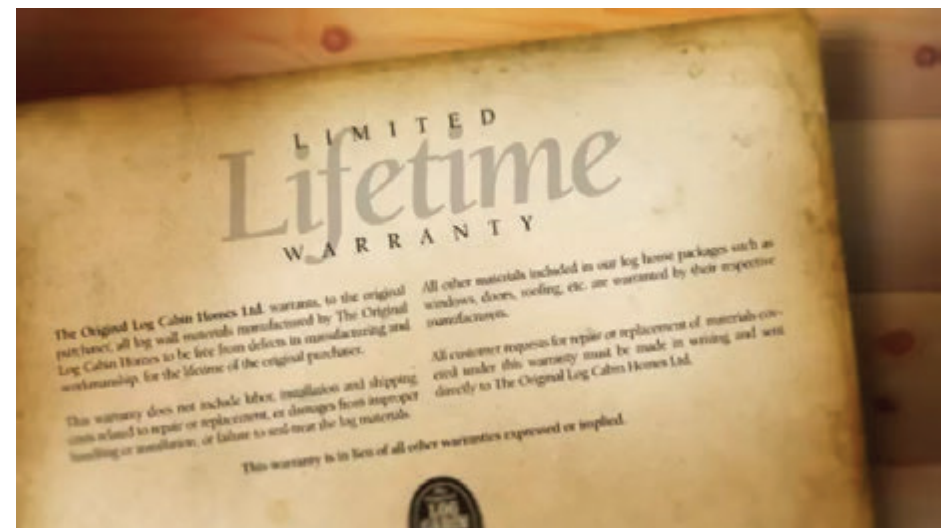

## 36-MONTH LAY-A-WAY AGREEMENT

The Original Log Cabin Homes offers the easiest way in the industry to purchase a log home or cabin. You can secure your very own log home or cabin package with as little as a 10% deposit under our 36-month Lay-A-Way agreement. Your deposit protects the terms of the agreement and freezes your materials at current prices. This program provides you the option of delaying your delivery anytime up to three years from the date of order.

## LIMITED LIFETIME WARRANTY

The enduring qualities and craftsmanship of an Original Log Cabin Home is the heart of our business! Though times and people change, the heritage of the log home will be everlasting, just as the log homes the pioneers built over 200 years ago. The peace of mind that comes from knowing your Log Cabin Home will stand the test of time comes from the legacy left to us by our pioneering forefathers through the evolution of this legacy and the refinement of the rustic original, Log Cabin Homes is proud to offer a Limited Lifetime Warranty.

## OUR OTHER PRODUCT LINES

Visit [www.MyLogCabin.com](http://www.MyLogCabin.com) for All of our floorplans!

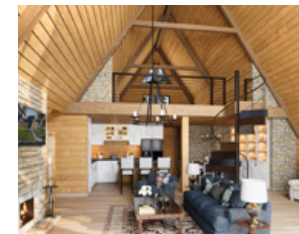

It's the passion for Old-Time Americana that made The Original log Cabin Homes create "The Farmhouse Collection of Log & Timber Homes." This collection couples the look and feel of Old American Farmhouses and the Modern Farmhouse that so many desire. This look, coupled with the energy performance and the beauty of Log Homes takes this collection to a new level.

Log Cabin Barndominiums combine the timeless charm of a log cabin with the modern convenience of a barn-style home and every corner tells a story of craftsmanship. Crafted from Log & Timber Homes Council-graded logs, each one stands as a testament to our commitment to quality and excellence. It's not just a home, it's a legacy you'll pass down through generations.

Inspired by the simplicity and functionality of traditional 70s-80s A-frame log cabins, the Original Log Cabin Homes captures the essence of classic design while incorporating modern flare and sustainable materials. These structures are designed for individuals seeking a retreat that seamlessly blends with the natural surroundings, providing a serene and cozy haven in the heart of nature.

I personally invite you to join me on a tour of some of our most splendid Original Log Cabin Homes. Simply visit our website at [www.MyLogCabin.com](http://www.MyLogCabin.com) today and start down the road to your very own dream home.

You'll learn about the advanced design and construction techniques that make today's Original Log Cabin Homes the most energy efficient, durable homes on the market. You'll pick up decorating and detailing ideas from other log cabin home owners. We'll show you a complete range of exciting floor plans that may also spark your imagination to create your own.

The Great American Adventure website includes stunning photography and a design of such quality that you will enjoy sharing it with your friends, and the videos will be something you will want to view on those lazy afternoons when you're dreaming of your own Original Log Cabin Home.

So if you're ready to start your Great American Adventure, I invite you to allow us to guide you on your journey to make your dream today, a reality tomorrow.
